Cadet nurses gain experience in pediatrics.

Do you qualify?

• As an alert young American woman are you qualified to respond to this call for 65,000 *new* student nurses?

Take this test yourself—

*Are you between 17 and 35 years of age?** ☐

Are you in good health? ☐

Have you graduated from an accredited high school with satisfactory grades, or have you had some college education? ☐

Are you interested in people? ☐

Are you interested in science? ☐

Have you a sense of humor? ☐

Have you an orderly mind? ☐

Are you neat? ☐

Are you deft with your hands? ☐

Are you quick to grasp what you see, read and hear? ☐

*Minimum age and academic requirements vary slightly with different schools of nursing. Accurate information will be given you—gladly—by the schools you are interested in.
