Our Mission...

is to build leadership in recognizing Cadet Nurses through advocacy, education, research, partnerships, and project support.

Priorities

Our priorities are to:

- Generate new knowledge and policy related to Cadet Nurses;
- Celebrate, share, and document Cadet Nurse experiences;
- Preserve this history for future generations; and
- Engage in activities that advance the foundation mission, through the uscadetnurse.org website and other means.

Our Success Stories

USCADETNURSE.ORG FOUNDATION arose out of a number of accomplishments by and with Cadet Nurses.

- Luncheons honoring Cadet Nurses
- Publications about Cadet Nurses
- Research with Cadet Nurses
- uscadetnurse.org website and social media

Leadership opportunities

USCADETNURSE.ORG FOUNDATION arose to fill a need for an organizational structure to support existing projects and to build leadership for new projects. Envisioned new projects are:

- Preserving and exhibiting uniforms and other Cadet Nurse artifacts.
- Sharing resources to build leadership to develop new events across the country.
- Connecting college students with Cadet Nurses for research projects in nurse education, history, and other related areas.

Who We Are

USCADETNURSE.ORG FOUNDATION was established in March 2016 to build capacity among Cadet Nurses, their families, and friends, in sharing information and experiences. The foundation also exists to recognize, honor, and respect this group of 180,000 women who served their country during World War II under the Surgeon General of the U.S. Public Health Service. Cadet Nurses averted a collapse of the healthcare delivery system at that time.
